

BIOREMEDIAL CLEANER FOR THE OFFSHORE INDUSTRY

RigWash™

FleetKleen

Marine Strength Cleaner & Degreaser for Hard Surfaces.

FLEETKLEEN RIGWASH™ is a highly concentrated, non-aggressive cleaner that can be used for cleaning all surfaces, including all metals, rubber, plastics, acrylics, chrome and plated finishes and painted surfaces without fear of warping, etching, weakening or corroding and is safe to use on all machinery and equipment.

This product utilizes Bioremediation technology to literally "eat" grease, oil, and hydrocarbons off any hard surface. This process uses naturally occurring, harmless micro-organisms with specially formulated bio-surfactants to degrade these hydrocarbons.

RIGWASH™ contains no solvents and is non-flammable. It is non-toxic, non-hazardous, non-corrosive and non-caustic. When this product is used in a routine maintenance program, it will effectively help to maintain a clean and safe environment while effectively and economically eliminating hazardous hydrocarbon pollution in the work place.

Our products are environmentally sound and dedicated to the cleaning and remediation of potentially harmful contaminants. The process of bioremediation is listed as one of the US Environmental Protection Agency's (EPA) innovative technologies and can be accomplished in-place (In Situ) thereby eliminating the hazard and costs of "off-site" contamination. Bioremediation is a cost effective way to eliminate harmful contaminants to our environment. In addition, we have a line of biobased and biodegradable cleaning products from our "Pure Green" product line.

We have the most extensive line of products available to solve your hydrocarbon contamination problems from the past and to prevent those problems in the future.

PHYSICAL PROPERTIES:

PRODUCT EFFECTIVENESS:

The effectiveness of this product and the "speed" at which it works is determined by certain factors the absorption action of this products begins immediately. The bioremediation process will begin with the introduction of water. The duration will depend on many factors. In general these factors are as follows:

TEMPERATURE:

The warmer the temperature, the faster this product will work.

AGE OF THE STAIN OR SPILL:

The older the stain or spill, the longer it takes to work.

TYPE OF HYDROCARBON:

Some hydrocarbons take longer than others.

PACKAGING:

5 gal. - "cubitainers," 2 1/2 gal. "F style jugs" (2 per case), 1 gal. (4 per case), 16 oz. bottles (12 per case), 55 gallon drums bulk packaging available, please call for details and options.

PHYSICAL DATA:

Boiling Point: 212°

Appearance: Liquid

Color: Light Opaque White

Solubility in Water: Complete

Odor: Earthy organic

pH: 6.9 to 7.25

BENEFITS:

CEFAS Gold Standard -RIGWASH™ is listed in the Harmonised Offshore Chemical Notification Scheme as a non-hazardous rigwash product.

Safe To Use - RIGWASH™ is 100% non-harmful, non-toxic, non-caustic, non-corrosive, pH neutral and completely safe to use. This product requires no expensive PPE training, equipment or COSHH analysis.

Non Aggressive - This product has been tested for warping, crazing and degradation of metals, rubber, acrylics and other sensitive materials and can safely be used for the regular wash down of equipment, vehicles, plant and machinery.

Highly Dilutable - RIGWASH™ dilutable from 15:1 – 150:1. This high dilution range makes FleetKleen RigWash™ a cost effective solution for everything from decommissioning and heavy maintenance, through to basic janitorial duties.

Bioremediation - Not only is this product fully biodegradable and non-polluting, but microbes within the product will bioremediate hydrocarbon waste to water and harmless gases.

100% Natural & Renewable - All elements of the product are naturally derived and renewable and use only naturally occurring microbes.

Run Through All Media - RIGWASH™ can be used in all cleaning media, including pressure washers and steam cleaners.

No Residues - RIGWASH™ will leave floors slip free and skid resistant, greatly reducing slips and trips in the workplace whilst offering the perfect surface preparation treatment.

A partial listing of additional bioremediation products available through Environmental Solution, Inc.:

- Bioremediation Absorbents
- Light & Heavy Duty Multi-Use Cleaner/Degreaser
- Bio Based Solvent Replacements
- Soil & Water Remediation
- Food Processing Plants
- Bioremediation Parts Washer
- Floating Absorbent
- Oil & Petroleum Processing, On/Off shore
- Pharmaceutical Grade Absorbent
- Biological Wastewater Booster Kit
- Bilge, Engine Room and Galley Degreaser
- Floating Absorbent
- Site Specific Absorbent
